CONCLUSIONS

Other than Acting Judicially Unprofessional with his descriptions, and folly at the person of the Plaintiff- Petitioner, the U.S. District Court abused the Court Discretion. He knew and had reason to know that the Petitioner has Diversity Citizen Statutes. The constitutional Article III, do not require the U.S. District Judge to regulate, nor Final Disposition, nor Screen party's having intent to comply with obviously the U.S. Supreme Court, RULE 10(c). The State Defendant and U.S. Appeal Court Suffers from the Doctrine of None-Delegation (no Jurisdiction to Politically Disposition). Granting the Writ of Habeas Corpus relief of the two Consul Agents is the Proper thing to do. Diversity Statutes held by the Plaintiff-Petition should have accessibility to the U.S. Supreme Courts less the American Constitution deprivation sat in for the lack of Rule of law. Pursuant to Federal Rules of Evidence, RULE 902 (3.B) All of the Plaintiffs-Petitioner Consul Agent have Diversity

CONCLUSIONS

Jurisdiction. The District Court Blocked the transferring of the State Court Record Proper. (DC 81.1). this was a obstruction of Justice by the District Court attempting to deprive the Counsul Agents of Due Process of LAW. The Writ relief was due with in the First Minute the Defendant-Appellee (State) received a Notice of Political Agency from the Plaintiff-Petitioner's Government Embassy. Pursuant to Federal Rules of Evidence, Rule 902 (3.B) each Defendant-Appellee had a Notice of Diversity Statutes delivered to them Pursuant to DC Rule 4. Service. Terms of time (40 Years) of False Imprisonment of Government Diplomats is Out Ragious Conduct Expressed as a State Terrorism. This will be the Second time the Plaintiff has attempted to gain the Freedom of it's Diplomats. This Matter is beginning to lay heavy on International Friendly Relations. We want relief.

The Granting of the Writ of Habeas Corpus is Consistant with National Justice, and Right, and will not Prejudice the Defendant-Appellee in any way,

State of New Mexico, Governor Gary Johnson;(2nd Judicial District court of new Mexico ; 12nd Judicial District Court of New Mexico ;New Mexico State Corrections Department); the Deming City Magistrate Ray Baesa, Defendants.

ORDER DISMISSING CASE

This matter came before the Court on motions to dismiss filed by several Defendants (docs: 16, 18). Plaintiff has filed an initial pleading "Petition for arrest of Judgment and Writ of Habeas Corpus", which has been treated as a Complaint. In the Petition, Plaintiff claims to be the head of State of a Non-existent country, the Royal Continental Africa Government. Plaintiff also claim that two Individuals incarcerated in New Mexico Prisons are Diplomats employed by this Non-Existent Country. And are entitled to diplomatic immunity. He therefore request habeas corpus relief on behalf of those individuals. In addition, Plaintiff requests relief from "harassment" by the Deming "City Magistrate Court". Which is allegedly mailing "Hurassing Court Sumnjions" To the Royal Embassy." These Summons apparently concern a Citationand \$167 fine assessed upon Plaintiff by the Deming Municipal Judge, for maintaining unsanitary Permisses(Classic Car Collection). Exh. B,Plf. Motion for directed Verdict).

Dismissal of this case is warranted for a number of reasons. As to the Habeas Corpus aspect for the Petition, seeking release of the two inmates who are allegedly Consul or Diplomats of Plaintiff's non-existent country, the allegations of the petition are fanciful and delusional, and this court may dismiss on that basis. See, eg, *Dekoven v. bell, 2001 W 1 1450702 (6th Cir.)* (complaint alleging that plaintiff was the true messiah was (APP 00)

United States
Washington, D.C. 20520,
Dear Mr. Punchard:

The White House has asked me to respond to your letter to President Bush about Sudan.

The administration shares your concerns for the people of Sudan who have suffered aerial bombing, raiding, forced displacement, and religious persecution as a result of the 20-year conflict. We believe the opportunity to end these human tragedies is possible by securing lasting peace.

We are encouraged by the peace negotiations between Kenya and the Sudan People's Liberation Movement (SPLM/A). Both parties signed an agreement in October 2002 to cease hostilities and allow unimpeded humanitarian access to all areas of Sudan. As a result, aerial bombing has ceased, fighting has been reduced, and some previously unreachable areas are now receiving food aid.

Sudan's president omer Hassan Ahmed El-Bashir and SPLM/A leader John Garang met April 2, 2003, in Addis Ababa and affirmed their commitment to a peace agreement and expressed their hope for the conclusion of an agreement by June 2003. Negotiations are ongoing. Building upon the agreement reached on July 20, 2002 Peace Protocol that resolved the religious and the State and the South's right of self-determination, We will continue to work diligently with regional partners to help both sides conclude a just and comprehensive peace agreement.
